Supply Chain (Import) & Finance Professional

## Summary

Have more than 6 years of professional experience in the field of accounting and finance. Being a key player in the corporate environment, I am a confident person with the sense of business ethics. With my academic record, I possess knowledge and expertise in the field of accounting with a solid grip on financial concepts.

Due to my resilient character and meticulous nature, I have the ability to work on multiple domains. Even though being a finance professional when I was handed over the responsibility of Import side management of the company, I made sure to pass the hurdles with flying colors. It is my pride that I have always been an active team player with professional attitude. No matter how hard the circumstance are I know how to endure under extreme pressure.
