Why Jehanzeb?

- Capable, innovative and accomplished IT professional having extensive experience in Enterprise Databases (Oracle, MS-SQL SERVER and IBM DB2).
- An active contributor to design, development and maintenance of Business Continuity with respect to Database side.
- Ability to work under pressure, having experience in maintaining large number of databases with Terabytes in size.
- Strong and confident with Installation and configuration sides of all kinds of databases and on all OS like linux/unix windows platform
- Experienced individual with ability to manage teams and projects possessing finest blend of skills with proven ability to work independently and as part of a team. Well-versed contriver and persuasive communicator with practiced troubleshooting and problem-solving skills

CORE STRENGTHS & ENABLING SKILLS

- | | | |
|--|----------------------------------|---|
| ▪ Oracle Database (9i, 10g, 11g, 12c, 18c) | ▪ Oracle Enterprise Manager | ▪ MS SQL Server mirroring & Replication |
| ▪ MS SQL Server (2014, 2016) | ▪ IBM DB2 10.5 | ▪ MS SQL Server Cluster |
| ▪ Oracle Backup and Recovery | ▪ Oracle RAC & Oracle Data guard | ▪ MS SQL Server Backup and Recovery |
| ▪ Oracle Performance tuning | ▪ Oracle TDE & Oracle ASM | ▪ Oracle Linux & IBM AIX |
| ▪ Oracle EBS R12 (Patching and cloning) | ▪ Oracle Database Upgrade | ▪ Oracle Cloud Infrastructure |

PROFESSIONAL EXPERIENCE

Meezan Bank Limited, Karachi, Pakistan

Working as “**Database Administrator**”, September 2019 – Present

Responsibilities/Accomplishments:

- Successfully performing Oracle 13c Enterprise Manager Cloud Implementation; Oracle EBS R12 Database Upgrade From 11g to 12c and Oracle EBS R12 clone and DR setup
- Upgrade database from 11g to 12c and 18c on Oracle Linux environment
- Competently handled MS SQL server mirroring, MS SQL server log shipping, MS SQL server clustering and MS SQL server (snapshot and transactional replication)

Meezan Bank
The Premier Islamic Bank

Innovative Channels, Karachi, Pakistan

Worked as “**Database Administrator**”, April 2019 – September 2019

Responsibilities/Accomplishments: (Deputed to Pakistan Stock Exchange as R.E)

- Skillfully performed database installation & configuration, database security/user management and database backups/restore (RMAN and DATAPUMP)
- Adeptly conducted database administration (Oracle 11g/12c) in DATAGUARD and RAC environment; handling performance & tuning of memory & SQL (AWR, ADDM, ASH)
- Expertly administered configuration of standby/failover database, configuration of heterogeneous connectivity of Oracle with SQL Server and database cloning & patching

Innovative Channels

National Clearing Company of Pakistan Limited, Karachi, Pakistan

Worked as “**Database Administrator**”, March 2013 – April 2019

Responsibilities/Accomplishments:

- Successfully led DB management group and reported to CIO; current environment is ORACLE 11g R2 running on IBM P5/P6/P7 including NCSS DB with onsite and offsite standby DBs, STAGING DB with offsite standby, UIS DB, SLB DB, OFFLINE DBs, CGT Testing DB, UAT, DEV and QAT DBs. Maintained and configured every DB with optimum performance
- Designed, developed DR plan and implemented Oracle Data Guard to ensure smooth failover under catastrophic conditions. Designed and implemented DB access level/security. Capably installed, configured, upgraded to latest patch set level software meeting all services levels agreements of availability and performance

- Competently configured DB with Oracle Enterprise Manager 11g Grid control for monitoring of databases and generated alerts on need basis. Managed automation of scripts using SQL, PL/SQL and shells for ease of administration; developed and implemented backup strategy and procedures. Enabled auditing to avoid any malfunctioning at database level
- Assisted QA and development teams in performance, volume and stress tests; implemented business logic in server side PL/SQL code etc.; also drove awareness about various new features of Oracle 10g and upcoming versions. Competently optimized SGA and shared pool size; optimized INIT.ORA parameters for maximum utilization of system's resources
- Created and established DB Link, replicate and manipulate data to remote site. Contributed in database activities of Oracle 11g including programming of stored procedures, triggers, and rules; handled creation of table spaces, data files, tables, views, privileges, roles, auditing and indexes

Techno Channels, Karachi, Pakistan

Working as "**Oracle Technical Consultant**", July 2010 – February 2013

Responsibilities/Accomplishments:

- Proficiently installed Oracle 10gOn Windows, RHEL 4, 5 & OEL 5.5. Skillfully managed patching Oracle database (10.2.0.1 – 10.2.0.3) & (10.2.0.3 – 10.2.0.4) using OUI & Opatch
- Successfully carried out database administration operations and monitored routine performance. Vigilantly monitored scheduled backups of Oracle databases & email to take remedial action as necessary.
- Effectively configured automated scripts for backup & email (RMAN, DATAPUMP) & standby database logs. Configured Oracle Flashback database for point in time recovery
- Frequently interacted with developers and guided them with recommended & best practices. Configured Linux Shell scripting, and scheduling using crontab jobs
- Adeptly handled tuning database using Oracle Enterprise Manager (OEM). Expertly performed implementation, planning, coordination, configuration, installation and management of all oracle databases.
- Managed deployment of Oracle 10g Real Application Cluster (RAC) Server (ASM & OCFS2) on RHEL 4 & Windows 2003 server on Test environment. Secured database from unauthorized access, block SQL sessions & programs like SQLPLUS, TOAD, PL/SQL Developer

PROFESSIONAL QUALIFICATION

- **Institute of Business and Technology Biztek, Karachi, Pakistan (2005 – 2013)**
BS-Networking
- **College of Emerging Technologies NCR, Karachi, Pakistan (2003 – 2005)**
H.S.C

PROFESSIONAL CERTIFICATIONS

- **Oracle Autonomous Database Cloud 2019 Certified Specialist**
- **Oracle Cloud Infrastructure Foundations 2020 Certified Associate**
- **Oracle Cloud Infrastructure 2019 Certified Architect Associate**
- **Oracle Cloud Infrastructure 2019 Certified Architect Professional**
- **Oracle Certified Professional**
Version: 9i
 - Introduction to oracle 9i: SQL
 - Oracle 9i Database Administration Fundamental-I
 - Oracle 9i Database Administration Fundamental-II
 - Oracle 9i Performance Tuning
- **IBM DB2 Certified Associate**
Version: 9.7
 - IBM DB2 9 Fundamentals

PROFESSIONAL TRAININGS

- **IBM DB2 DATABASE ADMINISTRATION**
 - DB2 9 Fundamentals
 - Oracle to DB2 Migration
- **ORACLE 12c (New Features/Upgrade)**
